EDUCATION

Sahyadri College of Engineering & Management ,Mangaluru <i>Bachelor of Engineering, Computer Science – 9.45 CGPA</i>	2024-2028
Sri Chaitanya PU College ,Mangaluru <i>PUC - PCMB – 91%</i>	2022-2024

INVOLVEMENT

GFG Campus Mantri

GeeksforGeeks Campus Mantri **2026-Present**

- Leading tech community engagement and driving DSA/coding culture on campus

ISDC

Co- Technical Head , ISDC **2026-Present**

- Engaging in technical and skill development activities within the student-led community .

PROJECTS

- [PlaceTrack](#) - Full-stack MERN Student Placement Tracker, JWT + Google OAuth, role-based access (Admin/Student/Viewer), 7-chart analytics dashboard, PDF resume upload(AI ATS score), MongoDB Atlas deployment.
- [Blockcert](#)- Decentralized Document Verification System – Ethereum, Solidity, React.js. Developed smart contracts using Solidity to securely store and verify document hashes on the Ethereum blockchain.

TECHNICAL SKILLS

- **Programming Languages:** C++, C, JavaScript, HTML5, CSS3.
- **Web Development:** MERN Stack (MongoDB, Express, React, Node.js), Next.js, REST APIs, JWT/OAuth Auth, Responsive Design.
- **AI/ Tools & Technologies:** Git, GitHub, Figma, VS Code, Docker,n8n,Gemini API, Claude API, Google AI Studio
- **Core Concepts:** Data Structures, Object-Oriented Programming, Problem Solving.

Certifications: MERN Stack Development & Backend Development with Node.js — Technical Career Education (O) ,What Is Generative AI?, Introduction to Cyber Security and Generative AI, Introduction to HTML and CSS, Microsoft Learning .

ADDITIONAL INFORMATION

- **Hackathons/Competitions:**
 - Participated in Versathon Hackathon, India AI Impact Buildathon 2026 – Participant, GDGC Tech Sprint, , Costal Innovation Hackathon2026 (Top 30 teams) , C++ Programming Course(Infosys Springboard).
